Customer Reviews

Modern Overland is a next-generation guidebook publisher with fresh content, accurate satellite-based maps, and GPS coordinates for every listing. Their expert writers provide thoroughly researched, in-depth information on adventure activities, places to stay, and a wide selection of restaurants, nightlife, and entertainment.

This travel book is definitely NOT your grandma's travel guide. The authors recently traveled the length and breadth of post-apartheid South Africa and obviously loved it. I found out so many delightful things that I did know about my own country. The authors traveled both on and off the beaten track. The book combines geography, anthropology, history, sociology, helpful advice and wise suggestions into one book. There are delightful photos too. I take it with me when I visit South Africa from the US where I now live and feel excited by their fresh and invigorating views and advice

for visiting and learning about one of the most beautiful countries on earth.

Love this guidebook. As advertised, it is not your typical guidebook! A great travel companion for traveling across South Africa. A really nice mix of historical context, recommendations for places to stay and eat and visit. And definitely not the kinds of local places you are likely to find in Lonely Planet! Very well-written and entertaining, too! A must-have for a trip to South Africa!
