Customer Reviews

Book 2 of this fantastic series starts building up the excitement of the story, the popular girl group starts their adventures. Without further spoilers I would just like to say that this story is carefully written with a thoughtful moral and not just another stupid story for kids, it is highly educational and help children expand their understanding.

This book is as good as the first part, very interesting and very easy to understand for kids.

Sequence of events gives you nostalgia as sometime in our lives we have been in the similar situations. Hats off to the author. My kids and I liked it very much

I judge the books by the speed with which my kids finish them. The Minecraft Diary of a 6th Grade Kawaii~Girl 2: Cool Kids Party was devoured by my three teen girls and I am mighty pleased. This is a magnetic tale that has brought much delight to my daughters - and so, I love it!

Inquisitive to know what became of an innocent kid making a decision to join the Kawaii crew, I opted to see if my daughter will enjoy this one as well. It's hilarious, funny and cracks the ribs good.

The second part of the Minecraft Diary of a Kawaii Girl is equally interesting. I have become addicted to this book and can't stop reading. Can't wait to know more the New Guy in the book. Thumps up.

A very well articulated story written with a young girl's in mind, and I must say my niece has enjoyed the book and now I have to take my tablet off her until the next book in the series is out.

Another beautiful book. Wow, what a book Minecraft. Me and my child are falling in love with this mind blowing story and want to read it again and again before we both go to sleep at night.

I found the second diary more interesting just like the first one. The new environment is getting crazy for this member of the Kawaii-Girls. I can't wait to know the "New Guy" ends up.
