Customer Reviews

How can you call it a "secret" to recommend the Sunday antiques market in San Telmo?!? Very little in this book that you won't find in the standard guidebooks. Some of the odd English phrasing seems to be straight out of Google Translate. (The following excerpt is from a review of an ice cream chain: "In all initiatives, Freddo acts on three fronts: Craftsmanship, Argentina and Dulce de Leche (the number of flavors based on this icon of Argentine cuisine, seven beyond the traditional, doesn't deny the origin of the brand).") Portions of the various sections are clearly lifted straight from other sources (the section on Tigre, which suggests "enjoy leisure time to explore the port on your own and have lunch at a local eatery (own expense)" obviously came straight out of a tour itinerary), including marketing materials for the establishment in question (see the blurb on the vegetarian restaurant). All in all, not worth your time or money.

Great guide and I really like it as its format is kind of unique and something I have never encountered before. It has a review guide style where it's the same in the sense recommends the places, restaurants, bars, parks and etc to go to but it has a bit of feedback and provides insights from locals which is important and nice. For example, if I want to go and have a taste of their

traditional cuisine, there's a recommended restaurant for that like the Santos Manjares also if I want to have fun at night, a club named Niceto club can fulfill the needs of tourists. Great recommendations from the author especially it includes website and local address too.

We planned to spend three days in Buenos Aires -- plans changed and will now be there only 30 hours before leaving on a cruise. This was a good summary of things to do -- very few "secrets" -- all were covered in my copy of *Top 10 Buenos Aires (Eyewitness Top 10 Travel Guide)*, which I just purchased. Personally, I would go with Eyewitness - we really like the photographs and the substance is broader. Robert C. Ross February 2017

Buenos Aires is a beautiful city with rustic glamour. I love to see it when I visit Argentina soon. Reading a book such as this excites me because I do not want to go where the tourist go. I want to be in the city and live like a local even for a week or for a month. That way, I can see the city and the surrounding towns in a different way. Not a touristy thing to do and this book made me see that it is doable.

Skip the tourist traps and explore in your local place. You will discover the best places by following these book guidelines. It can create you an adventurous and enjoyable travel. In this book, you can locate easily real travel spots and reviews from real travelers in your local area. This book is the best for me on guiding me in the best place would I like to go!

My husband and I travel a lot and we always like to make research before the trip but also take a guidebook along. This book leads us to what was most important for us to see while in Buenos Aires. Good concise information and easy to find. A great book if you have less than a week in Buenos Aires and you want to hit the highlights.

It is well written, contains a ton of information. It lays out potential places to visit in the city and has more recommendations than you'll need. If this is your first time traveling to Buenos Aires, this book will come in handy. Does a good job identifying restaurants, bars, things to do.
