The Storm Before The Storm: The Beginning Of The End Of The Roman Republic

Synopsis

The creator of the massively popular, award-winning podcast series *The History of Rome* brings to life the story of the tumultuous years that set the stage for the fall of the Roman Republic. The Roman Republic was one of the most remarkable achievements in the history of civilization. After its founding in 509 BCE, the Romans refused to allow a single leader to seize control of the state and grab absolute power. The Roman commitment to cooperative government and peaceful transfers of power was unmatched in the history of the ancient world. But by the year 133 BCE, the republican system was unable to cope with the vast empire Rome now ruled. Almost as soon as they had conquered the Mediterranean, Rome became engulfed in violent political conflicts and civil wars that would destroy the Republic less than a century later. Chronicling the years 133-80 BCE, *The Storm Before the Storm* is a rollicking deep dive into the bloody battles, political machinations, and human drama that defined a dangerous new political environment - a stark warning for modern listeners about what happens to a civilization driven by increasing economic inequality, political polarization, and ruthless ambition.

Book Information

Audible Audio Edition

Listening Length: 9 hours 30 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Hachette Audio

Scheduled Audible.com Release Date: October 24, 2017

Language: English

ASIN: B0747X8KKT

Best Sellers Rank: #9 in Books > Audible Audiobooks > History > Ancient #24 in Books > History > Ancient Civilizations > Rome #73 in Books > Politics & Social Sciences > Politics & Government > Specific Topics > Commentary & Opinion
