Lemongrass And Ginger Cookbook: Vibrant Asian Recipes

Synopsis

Rich in aromatic spices, herbs, and flavourings, Asian food explodes deliciously in your mouth. Now, thanks to Leemei Tan, home cooks can easily master the art of preparing this delectable cuisine. She explains how to make perfect sushi, creamy curries, spicy stir-fries, and crisp tempura, and work with noodles, kaffir lime leaves, or wasabi. From Korean Spicy Seafood Noodle Soup and Japanese Pork Dumplings to Thai Green Papaya Salad and Indian Aubergine Curry, these imaginative recipes will inspire and delight, whether you have in mind a quick weekday meal or a feast for friends and family.Â Â

I love this cookbook because the recipes are authentic, and I can make meals I would have usually

gone out to a restaurant for. Finally, I have learned what ingredients go into a fantastic Curry. No jar stuff for me anymore now that I have this great book. The book has many regions of Thai, Indian, Vietnamese, ect. recipes which are all wonderful tasting and I find I go to this book often to make a meal. I love the pictures in the book, and the story of how the whole cookbook came about was a very interesting story and I loved reading about it. The author wrote about her own personal experiences with learning to cook from her mom, then cooking during her college years, and beyond. I love this book! What is really nice about the book are the recipes in the back of the book that show you the base ingredients to every recipe. Just take that list to the store and you will have all you need to get started.

Good deal of pictures and wide variety or recipes.

This is a fantastically useful cookbook. Its recipes are practical, yet inventive and full of novel components. My family has now marked at least half the pages as favorites and we have it out about every week.

Great book. Very informative!

Easy and tasty recipes, ingredients accessible at Asian markets

There are a lot of books out there about asian recipes but I was looking for something that is authentic to the region and not adapted to the audience. This book looks like it's authentic recipes from the reading of it. Now to try it out

Great book with an interesting layout - recipes are grouped by country. The book is easy to follow and has great photos of most dishes. Would definitely recommend to Asian foodies.

not a lot of recipes in there I would use, but the ones I like are really good
