Customer Reviews

My 10 year old tween loves this book. Zendaya gives great advice in a cool and sweet tone, things I'd love to say and be heard but am too "old" to convey. My daughter says it gave her good tips for being a good friend and that her tween problems are common.

First of all, *Shake It Up* is my favorite TV show and Zendaya is sooooo cool I wish I could meet her!!!!Second of all, the book was awesome. I tried the hairstyles, but they sadly did not work. Probably because i was doing them on myself. Most hairstyles don't work on me. My mom says it is

because my hair is TOO long. Aside from that the book was perfect, and her drawings are really good. I

9 year old loves it. She can relate and loves Zendaya. I love Zendaya too and the bit I read was great. It was hard to locate it after I learned about the book online. That's a shame cos Zendaya is a bigger star now than when she wrote the book and it should absolutely continue to be promoted or add a few pages and re-release as a 2nd edition. That always works. ☺

My 11 year old girl really likes this. I guess there is information on nail polish that she really likes. I got her the book because on a talk show Zendaya said her book was about how to communicate with adults and your parents. I asked my daughter about that aspect of it and she didn't know what I was talking about. No doubt it was in there, but not on her radar. Maybe it got in there unconsciously? We can only hope.

I love this book and Zendaya

Ok so I LOVE this book it's just plain awesome! It is really useful and it has real kids' questions they sent in!!! :) I would recommend this book! Z-swag FOREVER!!!!!!!

This book adds an additional way little girls can get positive info about life and the world that surrounds them.

One very happy daughter. content is fine by me.
