Every great adventure starts with a big dream.

Grammy Award winner Kelly Clarkson has sold over twenty-one million albums worldwide and has had ten singles in the top ten on the Billboard Hot 100 singles chart. She is the recipient of three Grammy Awards, four American Music Awards, three MTV Video Music Awards, two Academy of Country Music Awards, and one CMA Award. Clarkson's sixth studio album, *Piece by Piece*, debuted at number one on Billboard's Top 200 chart, marking her third number-one debut on the chart. Clarkson's 2011 effort, *Stronger*, was certified platinum, won the Grammy for Best Pop Vocal Album, and produced two top ten hits. "Stronger (What Doesn't Kill You)" was number one on Billboard's Hot 100 chart for three weeks, marking her third number one on the Hot 100 chart. Clarkson lives in Nashville, Tennessee, with her husband and children. Laura Hughes is a children's illustrator and a lover of pink wafers. She was born in Bath, United Kingdom, but now lives in London with her cat, Lulu. Laura nearly became a forensic scientist but simply couldn't bear to put down her pencils.

I pre-ordered a couple of copies and the book is perfection for a shower gift. I am keeping one copy in anticipation of an announcement from my daughter that a long awaited baby is on the way. Kelly Clarkson's love for her daughter is apparent, and the story is beautifully done. What a great way to capture those "magical" moments that are gone too soon. Kelly Clarkson is the celebrity that every other celeb should want to be. The story and the illustrations will keep the children saying..."read it again."

I was so pleasantly surprised after reading this book. I adore Kelly Clarkson, but was skeptical about a picture book. I'm kind of a children's books snob. Wonderfully, this book defied all of my expectations. The rhyming was fun, characters were cute, and the story really flowed. No to

mention, the illustrations were fantastic. I felt like River Rose was the little girl every mom hopes their daughter will be like. Two big thumbs up. (And hoping for more adventures.)

I had the opportunity to meet Kelly at a book signing, and I must say, she was destined to be an author! She read the book to us and had the entire audience laughing to the point of tears (likely unintentional as she is naturally a funny human). Kelly has managed to find a way to connect with adults and children in both her writings and in personal interaction. She mentioned having written more River Rose stories of this nature, and I hope they are published soon!

I got this for my seven-year-old daughter she likes to read all sorts of books she's also a huge fan of Kelly all we need now is the little doll.

My granddaughter had River Rose for about a week before she was interested enough to listen and enjoy the book and then her parents told me she wanted it read again and again and again and again all the while hugging River Rose and playing the lullaby. The book and doll were a terrific gift for my granddaughter and I was thrilled that I was there to give them to her.

Can't wait to read to to my granddaughter!
