Customer Reviews

I'm an intermediate piano player and this music was perfect, It sounds like elton's songs without his expert talent. I can not quite sight read it but it doesn't take much work to get it sounding great! All his hits are included.

The "easy piano" is a little misleading. I have a student who is an adult that has taken lessons for 3+ years. She is struggling to play these songs. However, the songs are arranged very well. I would recommend this book for an intermediate pianist.

I bought this for my husband as a Christmas gift. He likes to teach himself his favorites songs on his electric keyboard. He absolutely LOVED this collection of songs by Sir Elton. It totally made his Christmas. I totally recommend it for the musician and Elton John lover in your family.

Great book, good price. Arrangements are easy but sound quite good. So many of his hits in one

book. A great choice!!

I am not an advanced piano player so this book is great for those who have some piano experience.

Easy to play songs from Elton John. Love reminiscing about the concerts we've seen.

The book has a good repertoire, great hits in one book, however, I think the arrangements are not similar to the original songs. I asked my teacher to play for me and also did not think it was good.

Good selection of songs and nicely written for the beginner. Does not contain actual keyboard riffs, but that was not expected.
