Doing Ethics: Moral Reasoning And Contemporary Issues

Synopsis

The most accessible and practical introduction to ethical theory, moral issues, and moral reasoning. *Doing Ethics* emphasizes that moral decision-making is an active process—something one does. It provides students with the theoretical and logical tools that a morally mature person must bring to that process, and it offers an abundance of readings and case studies for consideration and discussion. Real-world relevance and practical pedagogy have made *Doing Ethics* a leading book in the field.

Customer Reviews

Lewis Vaughn is an independent scholar and freelance writer living in Amherst, New York. He is the author of several leading textbooks, including *Beginning Ethics: An Introduction to Moral Philosophy*.

Book was ok, but the Ethics class sucked!

ATTENTION BUYERS: THIS IS NOT WHAT YOU ARE LOOKING FOR. The pictured book may be what you are looking for, but it is NOT what is for sale. I purchased this book for a philosophy class thinking I got a deal, and what I got was the "Moral Theory Primer" version, which is a version of the 3rd Edition that is SEVERELY abridged. Not just a few pages here and there, but whole swaths of book. We're talking BLOCKS of chapters. YOU ARE NOT GETTING THE THIRD EDITION DESPITE THE SELLER'S PICTURE. YOU ARE BUYING THE PRIMER. IT IS A COMPLETE

WASTE OF MONEY. BUY FROM SOMEONE ELSE.

Careful when buying this "Doing Ethics" there are a couple versions out there and one of them only has the first 7 Chapter of book.

This is not the complete text book. The "Custom" version is much like an abridged version. In fact the difference between this and the full book is almost 200 pages.

Excellent

Love it! It came just in time before we started reading from it, I use it in class when ever we meet it is very helpful. it contains chapter 1-7 mines was used and has some highlighting but its great thank you once again.

The chapters make for very interesting reading. They are easy to read with clear explanations. Still studying this book, but so far it has been a wonderful learning tool in ethics.

it was perfect, everything was in good conditions.
