Customer Reviews

An enjoyable read. To read about true stories is great. Getting free books is always great. Finding out what real people and what happened to them is good reading. I did not put this book down till I had read it all.

Not all that scary, or maybe nothing scares me any more. Some stories seemed a bit disjointed, something missing in them, but most were intriguing, would like to have known more. Recommend to those who like real ghost stories.

I received an advanced copy in exchange for an honest review of the book. I thoroughly enjoyed this book. I do tend to like thrillers. This book also adds a bit of macabre & humor into the mix. It's a quick read of 5 short stories that I think most people would enjoy if you like this genre. Out of the 5 short stories, I liked A Deadly Inheritance. Reading this particular title reminded me of the old time half hour radio shows based on short stories.

I know there's an afterlife, and I have even seen a spirit (ghost), and knew it was a good one. The minute I saw it, warrior went through my mind. I knew why I had seen it and its purpose. But I never want to see evil, cause I know that's real too.

I really enjoyed these stories. Very scary. I look forward to reading another one of his books. Writes his stories, as if they are actually happening, as you read them.

I like reading books on this topic. It would be a good read for anyone who enjoys this type of thing.

Great read
