Customer Reviews

"I can see this series of book being very effective in teaching our children to stay out of gangs and away from guns. I can hardly wait to have one of our forth or fifth graders turn this book into a rap song and rap it to our school. Don't limit your exposure to just the elementary market with this series. I can see that this series would be very useful in the secondary education market also. It is just like the emergency room at a hospital... prevention is very important but with the urgent needs of our older children in regards to these topics... we must apply dressings directly to the wound! You must direct your efforts not only to elementary schools but also to our middle schools and junior high schools." -- Sherry Lewis, elementary counselor, Littleton Colorado
Beverly Forsyth of J&B Book Store in Leesburg, FL writes. I am so impressed with your books. The 200 copies I ordered arrived two days ago and I am amazing to see the interest children ages 6-10 have in them! I have sent copies to Sheila Rosart National Coordinator for the Million Mom March 2000 and various organizations in and around the country. I hope that this endeavor will bring your work the exposure

it deserves. -- Beverly Forsyth owner of J&B Book Store in Leesburg, FL Donni LeBoeus`, Senior Programs Manager for the Office of Juvenile Justice and Delinquency Prevention, in Washington DC phoned at 8:00PM D.C. time to say "I do not know whos desk this has been sitting on but this material is wonderful!" "This is the type of education we need in our schools to prevent gang violence" "These books once put to use will save lives by teaching our children to stay out of gangs" "Thank you for creating this very informative series of books!" -- Donni LeBoeus`, Senior Programs Manager for the Office of Dr. Ron Stephens, Director of the National School Safety Center at Pepperdine University in California, writes. Thank you for sharing "Use Your Brains Stay Out Of Gangs" with me. The material you have submitted looks very good. The timing of your message is perfect. You have our best wishes for this series success! -- Dr. Ron Stephens, Director of the National School Safety Center

USE YOUR BRAINS STAY OUT OF GANGS is part of a wonderful series of books that will teach our children not to experiment with guns and to stay out of gangs. Unlike any other book on the market this book approaches this topic by using real pictures. Our children are overwhelmed by the violence that is portrayed in the media as acceptable. By using real photographs our children will be able to understand the valid importance of this lesson This writers very creative use of rhyme will make this serious topic easier for our children to listen to and comprehend. I have no doubt that once this series is put to use in our classrooms it will help children understand the real dangers of being involved with gangs. This book will save lives!
