I use to draw years ago. I thought I would try and get inspired again.

This, like many of Christopher Hart's books, are very useful. Easy to follow steps, and many useful examples for every step in creation

I'm a cartoonist myself and have purchased many of Chris Harts books for my kids. They're fun, easy to understand, always follow the very same instructional format from book to book--so you can count on a consistent message. I like that. This was perfect for my little girl. I've watched her progress grow by leaps and bounds with this book!-Thanks Chris.
