# VIOLIN - Fingering Chart Poster

## Synopsis

We are excited to announce the newest additions to our Instrumental Fingering Poster Series dedicated to the Orchestral Strings. Our ultimate goal is to expand our fingering poster series to every instrument, but all great things take time. Every one of our graphic 11 x 17 illustrated posters is printed on heavy (100 lb) wall-mountable, sturdy stock and indicates the entire range of each instrument by depicting a complete chromatic scale with fingering for each note, including every alternate enharmonic substitution. This ever expanding series now includes Trumpet, Flute, Alto Sax, Trombone, Clarinet, Circle of Fifths, French Horn, Tenor Sax, Euphonium, Tuba, Recorder, Violin, Viola, Cello, Bass, plus a specially designed group poster featuring the String Family. We are unwavering in our dedication to education and it is through this commitment that we remain today as one of the few independent publishers to be considered as a viable resource for print. These extremely popular posters are ideal for the Concert Hall, Classroom, Private Studio, or simply as a quick reference guide for any student.

## Customer Reviews

Not very readable at all. Too much design real estate is taken on the violin, and the poster is already rather small.. We used this at our music studio and unless you specifically point to it, it attracts no attention from students.

Nice

Good chart. Very useful and well designed. Laminated. A+ for these. It only covers first position. The cello and viola charts go to fourth position. I was disappointed by the limited range for the violin chart.

Very useful, glad I purchased it.

Easy to understand and so helpful!

It was perfect
