This is more like it. Enjoyed it! Can’t wait for the next one!

just as described

Great start to the Flash Rebirth

Awesome book. Definitely worth the purchase.

Best things ever. The art was amazing. And also the storytelling was great and it had me on edge until the very end it was like a great detective novel but it was a comicbook

Amazing Visuals,GGreat New VillainAll Around Great Hero

Great

The first thing to note about this book is that if you haven’t read the DC rebirth one shot the first chapter of the book pretty much gives you all the info you need for that story. While it has yet to be confirmed, there is a possibility that this will be one of the main books to read if you want to know what’s going on in this post New 52 world and how it will all turn out.As for the story, it is about normal people gaining the speed force and Barry Allen taking the time to train them, while still dealing with people who are attempting to take advantage of their new abilities in order to commit crimes.The dialogue and action go well together and the artwork is phenomenal. Whether you’re a

fan of the comic or just the TV show, I highly recommend you pick up this book. It's a great introduction to the DC universe especially for new fans.
