Berserk, Vol. 35

Synopsis

After a hellish battle against ravenous sea monsters, Guts the Black Swordsman and his companions are forced to seek refuge on a small island so that their ship can be repaired. But this island is not the safe haven they'd hoped for. It's a sinister place rife with dark energy, watched over by an ancient, vengeful god. And with a full moon on the rise, that god's power is about to be unleashed...

Customer Reviews

Printing is Awfull words cut off on many pages. shifted downwards

If you love fantasy, monsters, blood, and guts, this is for you! The series has been in continuous serialization for decades now, and is definitely worth a read.

The long wait is over and the story is getting better and better, last book focused on the war of demons, in this book its all about guts and friends arriving at an island after being attacked by none other than the scurvy pirate captain with a monster twist, that all i can say the story still hasnt lost its humor with the fairies and Isidro, good book cant wait for volume 36.

Nice

Great manga!

I got hooked on Berserk years ago, and imagine my surprise when I found out that Mr. Miura had been working on this since at least the late 80's! Wow! That gets me to agree with a previous reviewer about this saga not ending anytime soon...not that that really bothers me. I'd rather have the story end in awesomeness and not be rushed or totally anticlimatic. That said, this book, while still maintaining Mr. Miura's incredibly detailed artwork,(no wonder it takes so long for new stuff to come out!) sadly lacks in progression and uses a few too many cliches with the pirates that made me wince during reading. And that is why I will also agree with another previous reviewer that the confrontation with the pirates could have taken up a smaller part of the book rather than be most of the book and continuing into the next book. But don't let this scare you off of reading this series, I'm stuck till the end. There's no way I could stop reading this just for a few little things like I stated above. Overall, Berserk falls into my top five absolute favorite mangas. It is rated mature, but if you are 18 or older and like dark fantasy/horror then give this a try and start at vol. 1.

it is berserk enough said, there is no need to explain the sheer amount of intense storytelling that this series has to offer, the amount of detail and depth that it is about is absolutely total greatness, be warned this is not your kids graphic novel... that is all
