GQ Men (Legends)

Synopsis

GQ has become synonymous with style, but to be GQ is so much more than just being outwardly fashionable. It also means to be cultured, to have taste, to have panoramic interests. GQ Men captures the essence of what it means to look sharp and think smart; the magazine's mantra by showcasing the men who embody the GQ spirit: from screen legends to young hot shots, musicians, political and social leaders, plus artists, athletes, and funnymen. Mining this iconic magazine's extensive photographic archives, GQ Men celebrates all the facets of the modern American man; smart and stylish both inside and out.

Introduction by Jim Nelson, GQ editor in chief

Customer Reviews

I had been wanting to buy this book for my coffee table for a long time. I bet I looked at online a hundred times and for whatever reason I had it in my head that the GQ would be clearly visible on the spine. It is there, but difficult to make out because of the alternating black and white letters. I was going to return it, but decided to keep it anyway.

If you love style, be it men or women's, this is a super cool coffee table book to own. Personally, however, I purchased it for my brother as a best-man's gift and so far as I can tell, it was a win.

It was a nice book, but waaaaay over priced.

The book arrived on time but it has some small details (like mistreated) at the corners and edges of the book that make it a bad experience at least for me.

Beautiful book....incredible photos....and a great addition to my collection of photography books

Perfect book to add to any fashion collection...

It worked

Crap, its artistic photo, nothing about fashion. Waste of money. Don't get conned by reviewers.
