Synopsis

“If you like clean cozy mysteries, you’ll love the Made in Savannah Cozy Mysteries Series.” “Swag in Savannah” is Book 4 in the Made in Savannah Cozy Mysteries Series. **BONUS: RECIPE INCLUDED!** Carlita Garlucci is thrilled that her son, Tony, has arrived in Savannah to help with the opening of their new pawnshop, "Savannah Swag." While giving her son a tour of the property, they stumble upon a hidden trap door that leads to an undiscovered basement with a tunnel. Curious to find out where the tunnel leads, Tony breaks through the wall and discovers underground passageways rumored to have been used by pirates to smuggle their stolen goods into the historic city. While exploring the tunnel, the Garluccis find skeletal remains with ties to a darker secret that has been hidden behind the tunnel walls. The gruesome discovery causes Carlita to wonder what other secrets her property holds. Despite her insistence they reseal the tunnel, Carlita’s children convince her to leave it open long enough for them to explore the passageways as they attempt to solve a decades old mystery. They quickly discover that the secrets hidden underground are tied not only to the previous owners of her property, but also implicate Carlita’s deceased husband, Vinnie. Will Carlita and her children be able to clear Vinnie’s name, or will their snooping around incriminate him even more? The Made in Savannah Cozy Mysteries Series does not contain foul language, sex, or gore...Just clean, cozy mysteries!"

Customer Reviews

I highly recommend this series. Good characters, entertaining plot, and at least one side character that I love to hate. Plus it is a quick and upbeat read, just like the other Callaghan books I've read so far. There's no gore, no foul language to speak of, and no steamy scenes, so if those things bug you, you're safe with this one and the others of the same series.

What an interesting and exciting story of the historical Savannah. Carlita has her family with her to help setup a pawn shop and solve the mystery of the underground tunnels they discovered in the basement that seem to lead to other businesses in their neighborhood. They learn there are stories of possible pirate booty and other adventures.

Another great read from Hope with Swag in Savannah. It is a good, fun read. Has intrigue, suspense and even a lot of laughs throughout. There is never a dull moment around Carlita and her family! You do not have to read these in order; but why not - the characters are fun to spend time with and get to know!

Great bedtime reading material. Great Christian Author. Stories are page turners and you can't put one down until you reach the end. Very creative plots and many twists. I loved first series I read and am hooked on this one. This may be my favorite series. Hope it continues, Hope.

I love the family relationships in this series. The crazy tenet would have me on edge day and night. I love how Savannah history, properties and parks are talked about in these stories. One thing is I would love to have the recipes for mom's Italian dinners.

Hope Callaghan has done it again. This series continues to be a page turner. The series is about a New York mafia family that desires to leave their past behind and become good people. Each book explores the efforts of the family to become normal among the citizens of Savannah Ga. while

having to deal with unexpected dead bodies and other mysteries to help solve. Great reading!

Another great installment in this series!! I love these books!! I wish I could find jewels like they do and get rich really quick!! Onto the next one and I can't wait to see what awaits them in this book!!!

This is a great series of stories from a Mafia's family point of view. Trying to start a life by breaking away from their former lifestyle. There are a lot of new characters and side events that keep making the stories interesting. Recommend highly but need to read the books in the order they were written.
