Curious George Goes To The Zoo With Downloadable Audio

Synopsis

George is going to visit a new kind of zoo where the animals all roam free. Some of those animals look like a lot of fun—so much fun that a curious monkey can't resist joining them. Giraffes and flamingos are close enough to touch, but George befriends a baby rhino who seems a little sad. Who better to lure her from her hiding place than George? And just in time for her special birthday party! Bonus activities include spot-the-difference and fun animal facts. Also includes downloadable audio!

Book Information

Series: Curious George

Paperback: 24 pages

Publisher: HMH Books for Young Readers; Pap/Dwn edition (February 25, 2014)

Age Range: 4 - 7 years

Grade Level: Preschool - 3

Customer Reviews

Hans Augusto Rey was born in Hamburg, Germany in 1898. As a child, he spent much of his free time in that city's famous Hagenbeck Zoo drawing animals. After serving in the army during World War I, he married Margret Rey and they moved to Montmartre for four years. The manuscript for the first Curious George books was one of the few items the Reys carried with them on their bicycles when they escaped from Paris in 1940. Eventually, they made their way to the United States, and Curious George was published in 1941. Curious George has been published in numerous languages. And many, many Curious George books have followed.

So glad to see Curious George save the day in this beautifully illustrated tale of our friend George,

the monkey and his human friend, the man in the yellow hat. George is really excited to visit a "Wild Animal Zoo" in which the animals roam free. When George falls off the tour bus, it seems as if he might be in real trouble, but, as usual, George's curiosity leads him on to save the day. I love the charming vintage style drawings as well as the page listing facts about the animals in the story to satisfy the curiosity of young readers. Recommended for ages five through nine and nostalgic adults who love Curious George.

Fun to read again and again. Nice to have a book for my son with my other books on the go. Drawings show up so clearly and I can zoom in on the text if I'm using my phone's small screen and can't see it well. Glad to have bought this!

A classic Curious George adventure. I love Curious George books, H.A. Rey always writes a feel good children story. My son loved Curious George goes to the zoo, along with other Curious George books.

Son loves this book. Has me read it to him most nights

A delightful Curious George story. I was in the car with my kids and they were getting antsy. I was happy that I had just downloaded this book onto the Kindle app in my phone. The picture was clear and the colors were vibrant. I was able to entertain my kids by reading the story and didn't have to resort to giving them my phone to play a mindless game in exchange for peace and quiet. All in all, I'm happy with my purchase.

My three year old really enjoyed it. Loved hearing about the animals. Especially loved going throughout the different pictures at the end of the book.

Cute story

This was a good bed time story for my granddaughters. I enjoyed reading and they enjoyed listening. Curious George is always a good read for the granddaughters since they watch him on television also
