The Last Apprentice: Wrath Of The Bloodeye (Book 5)

Synopsis

Thomas Ward has spent two years as the Spook's apprentice. He's faced unimaginable peril, and survived. But a new danger has emerged: an ancient water witch, Bloodeye, is roaming the County intent on destroying everything in her path. To strengthen his skills, Tom is sent to the far north to train with the demanding Bill Arkwright. Arkwright lives in a haunted mill on the edge of a treacherous marsh, and his training methods prove to be harsh and sometimes cruel. Will Tom's new bag of tricks be enough to overcome a critical mistake that leaves him confronting Bloodeye on his own?

Customer Reviews

Wrath of the Bloodeye --- just might be my favorite in The Last Apprentice series to date. It is the fifth book, and intriguing and compelling. After a band of military deserters over power and attempt to sell Thomas Ward into the army as a soldier, the Spook, Old Gregory, wants to toughen up his young apprentice. Also, he is concerned about the Fiend (from book 4) being loose, and possibly still after Ward. The decision is made that for six months, Bill Arkwright (a former apprentice and

current Spook in a neighboring County), will teach Ward. They will focus on fighting and defending ones self. Arkwright has additional demons that are out of control, and though Gregory is aware of them, he still believes sending Ward is the best move. Not wanting to be away from Alice, Ward reluctantly agrees to the temporary assignment. The newest threat is Morwena, a water witch. Where many witches cannot cross running water, a water witch thrives in it. They are very dangerous. Arkwright and Ward must battle the creature. It looks like the Fiend is closing in on Ward as well. With dangerous bogs, and rising tides, with people kidnapped, and witches everywhere, Ward finds himself in a desperate place where he must choose between doing what is right, and doing what will save more lives. Choices are all around him. Many will only serve to anger Gregory. Most will save his life. Great secrets of family lineage are revealed. The book ends on a terrible cliff hanger. I want to say more about how upsetting the last few chapters are, but will not spoil it for readers. All I can tell you is I am thrilled I have Book 6 sitting right beside me! Phillip Tomasso Best Selling Author *The Vaccination Trilogy* *Damn the Dead* *Young Blood: The Nightbreed Saga*

This is the 5th installment in The Last Apprentice series. Tom Ward has been sent to study under another Spook named Bill Arkwright. John Gregory, Toms master, always send his apprentice point to train for 6 months under another Spook. That way the apprentice can learn from another point of view. It also was a way for Tom to avoid being drafted in the war. Tom definetly doesnt want to go because he likes his master and he will miss Alice. Bill Arkwright is an abrasive Spook that likes the red wine...alot. He doesnt have the same morals for the dark as John Gregory. This is a little upsetting to Tom. The Fiend is back and will surely be coming for him so he needs to be trained in physical combat. What will happen when the Fiend sends his children after Tom? Read this book and find out! Ill say it again folks! I absolutely love this series! I cannot wait to finish it! But then I think Ill be a little sad because the fun will be over :(.

I really like the series and am enjoying the books. Only complaint is that the main character of the book reminds me of the scary movie where someone hears a noise in the basement, basement light doesn't work but still they head down to the basement. Good fun but sometimes you would just like him to say "Hey may be that isn't a good idea..."

Great series!!

All books that I read so far from this series are very good. What attracts most in Apprentice books is

that the world that the author created is very credible. You start to believe that witches really existed. This book deals with water witches and the devil himself. Very nice addiction to the series.

Tom Ward continues on with his education under John Gregory, a "Spook", in learning to fight against the dark. In this book, Tom is sent away to train with a former apprentice of Gregory's, a nasty fellow who likes to get drunk and beat up on people including Tom. I didn't really enjoy this part of the story. The series so far has focused on Tom, his Spook master and Alice who may or may not be an evil witch. The tale lost some of its flair when Tom went off to battle skelks, and water witches with a disreputable drunk as an instructor. And I hated that Alice has (for now) been kicked out of the group. The only strong female character in the series and Delaney sends her packing? She was by far the most interesting one of the bunch. Actually, the books would probably be better if they focused more on Alice. At least she's in touch with her feelings. The boys are all repressing something and using violence to solve every problem. But still, a good read. Not as good as "The Soul Stealer" but highly enjoyable.

Good read.

I bought this and the next in the series for my grandson for Christmas. He was surprised and very excited! He enjoys reading and is going through this whole series. Thank you for the great price!
