Customer Reviews

A few minutes on the computer would give you all the information included. No maps, no walking tours, and very little of anything. I have never had such a poor guide book.

This is a very quick read and the information you need for your first trip to Victoria is all here. I wish there was more depth and a little more detail beyond the main tourist attractions, but this served us

well on our July 2013 trip.

Absolutely worthless book. How it got published is a mystery. Only 42 pages, and only tripe. Awful.

Interesting facts, easy to read. I like the maps and things to do ideas. Looking forward to going there and seeing everything.
