Excellent advice, suggestions and instruction. Great examples and the best sales and leadership advice I have heard. Listen in your car over and over and it will help grow your business, life and most of all self image.

Zig is great I've been listening to him on discs and tapes since the early 80s. If your in sales or want to be, he should be in your list. Buy the sets of Zig Ziglar, you'll want to listen over and over

Though I've heard many of his anecdotes before, I thoroughly enjoyed this series. It comes with a print able workbook which helps follow his concepts and allows you to take notes for review.

Great collection I will listen to over and over. A lot of expertise is represented in this collection. Closing techniques are especially useful in overcoming obstacles to the sale.

We purchased this to share with our sales people in our small flooring business. My husband had studied Zig Ziglar's sales methods years ago and found his methodsto be very good for relationship selling. We have downloaded the CDs to our salesstaffs' computers to listen to along with the workbook (printed from the CDs)during their work day.
