50 Things You Should Know About The Tudors

Synopsis

Covering the 118 year period of Tudor rule, from 1485 until 1603, this book explores the origins of the Tudor dynasty through to its eventual demise after Elizabeth I's death. Discover how the Tudors changed the foundation of modern Britain - and how this impacted the whole world.

Book Information

Series: 50 Things You Should Know About

Flexibound: 80 pages

Publisher: QEB Publishing (July 5, 2016)

Language: English

ISBN-10: 1609929632

ISBN-13: 978-1609929633

Product Dimensions: 7.8 x 0.5 x 10 inches

Shipping Weight: 14.4 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #3,110,195 in Books (See Top 100 in Books) #30 in Books > Teens > Education & Reference > History > Renaissance #258 in Books > Teens > Education & Reference > History > Europe #29422 in Books > Arts & Photography > History & Criticism > History

Customer Reviews

Gr 4-6 •The reign of the Tudors in England was established in confusion and conflict and ended the same way. Between 1485, with the ascent of Henry VII, and 1603, with the death of Elizabeth I, the nation was transformed from a relatively isolated medieval kingdom to a nation engaged in international commerce. Using excellent time lines, pictures, photographs, and maps, this selection attempts to clarify this period of British history. Laid out in a sound-bite format consisting almost entirely of sidebars and snippets of information, the text highlights key events and people. While this will attract readers first delving into the history, it does not allow for much in-depth analysis. Most glaringly, the section on Elizabeth I does not even touch on the gender-specific issues with which she grappled during her reign. In addition, the format often adds to the confusion fostered by history itself. For example, the section on Henry VII states in a sidebar that the king lived in exile and was at one time so poor that he "borrowed money to buy food." On the next page, however, the text states that Henry, while a virtual prisoner in exile, was "kept in comfort." A cursory glossary defines words bolded in the text, but there is no list of sources provided, limiting

use for research purposes. VERDICT A good introduction to the Tudors that may spark further interest in readers. An additional purchase for world history collections. •Katherine Koenig, Carnegie Library of Pittsburgh

"A good introduction to the Tudors that may spark further interest in readers. An additional purchase for world history collections." - School Library Journal "Full-color pages with photographs and diagrams will appeal to a wide variety of students. Words in the glossary are printed in bold throughout the main text for ease of understanding." - School Library Journal

These books are wonderful resources! Each of the "50 things you should know" is generally a topic (person, event, etc..) on a one or two page spread that is filled with facts and information about that topic. The text reads a lot like a text book, being very matter-of-fact and informative, however all of the bright info graphics, photographs, and colorful bullets make it very visually appealing and more interesting than your typical textbook. I love how much information they jammed into such a seemingly small book and the glossary and index make it very user friendly. I would recommend this book for older children due to more complex vocabulary. * I received this book for free in exchange for an honest opinion, which this is.
