Fishing The Local Waters: Gulf Shores To Panama City (Fishing The Local Waters Series)

Synopsis

Two local fishermen share their favorite spots and special techniques in this tackle-box sized guide to angling in Florida's gulf coast waters. From inland jaunts to shore fishing to a day trip on a boat, the chapters cover everything a tourist or curious local needs for a fruitful outing. Information on the best bait, tackle, and methods are included, as are important safety tips, maps showing choice fishin' holes, and local recipes for cooking up the catch of the day. LORAN coordinates to more than 50 proven spots to drop a line are included, and a directory of fishing businesses on the Emerald Coast completes this angling guide.

Book Information

Series: Fishing the Local Waters series

Paperback: 108 pages

Publisher: Maximum Press; 4 edition (April 1, 2006)

Customer Reviews

Jim Hoskins is the author and editor of the Exploring IBM series of books. He lives and fishes in Gulf Breeze, Florida.

This book is about as fundamental as it gets. The diagrams/maps/etc look like they were drawn by a child, the black and white photographs have little contrast and/or useful detail. The "where to" and "how to fish" information is very basic and I can't imagine it being very helpful to anyone but the most inexperienced angler. If you are willing to spend a couple of hours doing a bit of online research, you can find better and more complete information about fishing the Florida panhandle without ponying up a dime...much less \$12.95.

Great local insider info on specific places and techniques. like having a good friend who works in a local bait shop. keep it with your maps and tide tables.

This was a good source for fishing the local areas but I would have liked to have had more detail for catching the specific species of fish identified. Like, maybe some information for the preferred baits for Pompano like sand fleas would have been a start.

I enjoyed the read and the information about the Gulf Shores Alabama saltwater fishing. Thanks...and I will pass this on to some young fisherman.

Very good book for someone that needs a little guidance on saltwater fishing. I've also fished freshwater, but have always wanted to know more about how to catch fish while vacationing at the beach. After reading this, I have more confidence in what I will be doing this coming month while surf fishing in Florida.

Must have book for those just starting out in salt water fishing on the Emerald Coast. Full of great tips for beginners

Not what I expected. I thought there would be more information in this book.

The book is good for someone that is new to the area. Would recommend the book to others.
