Stirring Up Fun With Food: Over 115 Simple, Delicious Ways To Be Creative In The Kitchen

Synopsis

More than 100 fun food-crafting ideas that will engage, delight, and amaze kids—from actress, entrepreneur, and mom, Sarah Michelle Gellar, and former Martha Stewart Living editor Gia Russo. Why stop with making basic brownies? Why not put them on a stick and decorate them? Why not take boring broccoli and turn it into a yummy cheese muffin instead? Sarah Michelle Gellar learned quickly that to get her kids to be adventurous with food, she had to involve them in preparing it. She wanted that process to be fun and help them develop self-confidence, creative thinking, and even math skills! So Sarah and co-author Gia Russo came up with more than 100 fun food-crafting ideas that take basic food preparation to a surprising new level. Organized by month, the book offers projects for every occasion and theme, including Super Bowl, Valentine's Day, Shark Week, Halloween, and even a Star Wars Day with licensed Star Wars creations! The possibilities are endless!

"[Stirring Up Fun with Food] goes beyond the merely aspirational and Pinteresty with blueprints for natural foods made from scratch that also manage to be cute and clever." — Publishers Weekly

Sarah Michelle Gellar is an Emmy award-winning actress with starring roles in TV and film including Buffy the Vampire Slayer, Crazy Ones, and Cruel Intentions. In 2015 she co-founded Foodstirs, a culinary lifestyle brand and e-commerce site that's modernizing baking and bringing families together in the kitchen. Gia Russo created original content and developed products for Martha Stewart Living, and later started her own lifestyle brand, MiGi, which released bestselling cookbooks. She's worked with brands like Williams- Sonoma and Pepperidge Farm, and Gia has contributed to hundreds of magazines. She joined forces with Sarah Michelle in 2015 to launch Foodstirs.

This cookbook shows you fun recipes you can do throughout the year for parties and gatherings. You can adapt some of them to other times of the year or with other flavors, as she tends to rely heavily on items you might not find on the east coast through most of the year. She did stay with what was in season, but it is very difficult to find green peppers from New Mexico in New England small town grocery stores. Overall a great cookbook and a fun companion to her husband's book.

Fun cookbook with plenty of recipes that are kid friendly!

I am so excited to own this amazing cookbook. I have been searching for ways to make food more fun and a lot of the recipes are classic favorites with a twist! I highly suggest this as a purchase for anyone that loves to cook at home and that is looking to make fun food!

I LOVE this cookbook, because it is so different from so many of the other cookbooks I have read or own. I love that she goes through the entire year, and for every month, there are a variety of sweet and savory recipes. The pictures are gorgeous. Most are very easy to make, some need a little more prep. But so far, everything I have tried has been a success with my family, even my picky eater son :)

Terrific!!!

Big fan of Sarah's! Happy to support Buffy!! Cute book with lots of cool fun creative ideas.

The recipes are easy and fun. Can't wait for each special occasion to arrive so I can do them all!

Great Book. I have been looking for ways to make cooking fun for my preschool class.
