Guitar For Kids For Ages 5-9 (Hal Leonard Guitar Method (Songbooks)) Bk/online Audio

Synopsis

(Guitar Method). Guitar for Kids is a fun, easy course that teaches children to play guitar faster than ever before. Popular songs such as "Yellow Submarine," "Hokey Pokey," "I'm a Believer," "Surfin' U.S.A.," "This Land Is Your Land" and "Hound Dog" keep students motivated, and the clean, simple page layouts ensure their attention remains focused on one concept at a time. The method is equally suitable for students using electric or acoustic guitars. It can be used in combination with a guitar teacher or parents, even if they've never had any musical training themselves. The accompanying online audio contains more than 30 tracks for demonstration and play-along and is accessed using the unique code printed inside each book. No tablature included.

I would recommend this book for kids 9 or older, or kids who enjoy their parents' choice of music. For younger children (ages 5-8), I would recommend the Alfred's Kid's Guitar Course 1. The songs in that book are more recognizable and the content/style is for younger children. That being said, I've used this book as a supplement to the Alfred book to break things up. They compliment each other well because they use the same one finger chords.

I'm working through this book with my 9 year old niece who is brand new to guitar. She was so excited to see songs that she knew, and I was excited when she asked me who the Beatles are.

We're having a great time with this and she can already play the Hokey Pokey!

I got this book for my 6 year old as a Christmas present with her Guitalele. I love this book! I love the simplified methods. I'm still kind of new at the Guitar myself, so teaching her needed to not be complex. This book really works for the young guitarist and has made learning this instrument fun.

It has a great listing of songs, but it teaches the simplest ways of playing them. So much so that my daughter doesn't recognize them while they are being played the way they are taught in the book. The method does seem to help her learning of guitar, which is the main point, so that's a plus.

Didnt realize that there has to be a teacher involved playing the lead. Too difficult for an 8 yr old beginner.

Teaching my granddaughter to play the guitar. This helps

This book made it easy to get started playing guitar without any prior knowledge. However, I wish there was a cd to accompany it as I didn't know the tunes of all the songs or the correct tones of the chords and notes as I have little music knowledge. I also would mind more instruction on how to properly read music. The great part is that I learned a few notes and chords and could at least play to the tunes I was familiar with such as hokey pokey and yellow submarine.

Very good.
