My Big Fat Zombie Goldfish

Synopsis

A New York Times bestseller! When Tom's big brother decides to become an Evil Scientist, his first experiment involves dunking Frankie the goldfish into toxic green gunk. Tom knows that there is only one thing to do: Zap the fish with a battery and bring him back to life! But there's something weird about the new Frankie. He's now a BIG FAT ZOMBIE GOLDFISH with hypnotic powers . . . and he's out for revenge!

Customer Reviews

“A kooky, zany little story about a boy and his pet zombie goldfish, Frankie. The kids in my library are already clamoring for this book and I can't get it ready for the shelves soon enough for them. Keep up the good work” Wendy A. Emlinger, on .com “I saw this book on sale at Walmart, and I couldn't resist picking it up. The cover just popped out at me. It's a good sized book for young readers. I read it in one sitting, and I loved it!” Angela Roquet on .com “The book is packed with bonkers humour | Anyone who likes books by Dav Pilkey would seriously love this book.” Biteso, for TheGuardian.com

Mo O'Hara is the author of the New York Times-bestselling MY BIG FAT ZOMBIE GOLDFISH series. She grew up in Pennsylvania, and now lives in London, where she works as a writer, actor, and storyteller, visiting theaters and schools all across the UK and Ireland. Mo and her brother once brought their own pet goldfish back from the brink of death (true story). Marek Jagucki, illustrator of the MY BIG FAT ZOMBIE GOLDFISH series, is a graduate of Falmouth School of Art and Design. He is a full-time illustrator and graphic designer based in Yorkshire, UK.

After being told by my six year old that he doesn't like zombies, my reluctant little reader is loving this book. It is imaginative and fun and appeals to a first grader's sense of humor. My one concern is that I spend a lot of time trying to teach my child not to engage in name-calling and this book has a lot of it, starting with "MORON" that is littered all over the story. I don't think it adds to the story that much. I've chosen to take this as a teachable moment, but parents should be aware that it exists.

My 9-yr. old grandson (and I) love the Zombie Goldfish books and have been reading them, as they are published for about two years. They are great fun and tell a great story. Very entertaining for boys, girls and the folks who are reading to them.

My 2nd grader loves these books. Although we read them out of order they are still really fun think read. They do use words like "moron" and "stupid" when the older brother is harassing the younger kids but that doesn't bother me as my daughter knows not to use those words when talking to people.

My son absolutely loves these books. I have bought him the entire set that is out so far and he is anxiously awaiting the next one. I am not sure what the appeal is but I know that they have both stories and other games and things for him to play in each book. They are written at approximately a 3rd grade reading level.

These goofy books are pretty funny. My 6 year old loves them. He is hooked! Bought them all now. It was just something grandma got and then the first day he read the whole thing! So we went out to the store. But I found they are a lot cheaper on .

I loved reading this book to my sons. It was clever, well written and gave us great talking points

about how siblings get along. I will say it did give my seven year old nightmares. But i really think that's him and who he is. Most seven year olds would probably be fine

I bought this to read with my niece. The title sounded funny and made me think she would enjoy it. So far we both really like it and plan to read more books in the series.

Another great series for reluctant readers and just fans of the zombie/monster craze in general. These books are getting lots of great publicity in my classroom!
