Customer Reviews

Some markings on pages, but otherwise they are crisp and clean. Very slight wear on cover and corners.

This book was required in my introduction to political science course. After selling the book back, i often found myself wishing that I had it again to continue reading. Glad I did, great information, great perspectives and a good read.

Great source for teaching politics. The bible for ancillary readings for AP US Government and Politics. Everyone who teaches government needs a copy.

Good Book ... but for few of the cases the conclusions are not written clearly ending up searching the internet. Probably something the writer works upon in future version.

great experience.

This book is originally for a class but it is so interesting and enjoyable that I read it voluntarily.

Very intelligent author and book.

The readings can be explained more. At times some of the readings are boring or long in its explanations.

Thank you!
