I was disappointed that the cookbook was quite small. A gift for a young cook who requested it. She was surprised and could hardly wait to get to the store for ingredients.

Excellent

I ordered this book to learn how to make butter beer and it was wonderful. My family and friends

were delighted. I have seen some of the other English cuisine in other cookbooks and online, so if you want original Harry Potter recipes just look around for some fun things that you might be interested in from the British.

Great for a gift and pretty nerdy. Our friends enjoyed it.

not a bad cookbook not what i thought it would be but good meal ideas

like it

This is mostly Deserts and sugary snacks, but they are all very good. The butterbeer is really sweet and I can't drink a lot of it, but you might have more tolerance for sugar than I do. Overall though this is the Perfect thing for any Harry Potter fan who likes to cook.

Can not wait to try out some of these recipes. Especially the Butter Beer one. The ease of the recipes makes it even more intriguing. I want to try every recipe, except for the pumpkin and anything that has pork in it.
