ake note that this edition is PAPERBACK. It is not a hardcover, and am disappointed. That's my fault, as I didn't see it on the page when I went back to look at it. However, this book is the Bible for perioperative care. It is an excellent resource for anyone working in the surgical realm.

Came as expected, critical to my role as OR nurse educator but I hadn't ordered nursing books through before - easy and quick!! Thanks!
