45 Affordable Retirement Towns: Best U.S. Towns For Retirement On A Budget (The Best Places To Retire) (Volume 1)

Synopsis

Looking for a great place to retire on a budget? A warm seaside town? A cozy mountain hamlet? A relaxing lakeside locale? We've reviewed 45 U.S. towns with low and average living costs, safe neighborhoods, recreational areas and/or cultural amenities, local or nearby accredited medical facilities and more. See each town's crime rate, population, climate, percentage of people age 45 or better, cost of living, median home price, political leanings, public transit availability and even drawbacks (because no place is perfect). Reviews are short and to the point for quick reading. Find the best affordable place to retire! ã Updated March, 2016!

Customer Reviews

Kris Kelley lives in beautiful Colorado has been finding and reviewing great places to retire since 2006. She is an avid traveler, always looking for that hidden gem of a town, whether it be along an ocean, in a desert or on a mountaintop.

My one disappointment is that so many of the towns have climate hazards, such as increased risk of tornados or hurricane, but I guess that is why these areas are so "affordable". Another short-coming is that, while the book lists median housing prices, it does not list median rental costs. I also wish this existed as a print book, in addition to Kindle. Not everyone has a Kindle. However, I was very impressed with the areas that were covered in this book. Not only does it list basics like housing, weather, crime, and cost of living, it also lists less-covered items, such as Political Leanings and whether there is a library and public transportation. It also gives at least a few

paragraphs telling about what the town is like (warning at times about areas with heavy tourist traffic) and what other amenities are nearby. All in all, I strongly recommend this book.

I would recommend this book to anyone who is seriously considering affordable retirement areas. The author does a wonderful job highlighting affordable retirement towns that have entertainment, employment & even highlights climate for those of us who deals with sinuses & allergies!

Good book.

informative and exactly what I needed. After reading this, I feel more educated in regards to making a decision about where my husband and I might want to retire.

My wife and I found it interesting and informative on narrowing our search for possibly relocating for retirement.

Book had the info I was looking for, but the book itself was small - like a magazine, not a book.

Not what I was expecting.

Not enough pics
