I bought these books as party favors for my daughter's fourth birthday favor. They are a great non-candy party favors and the bonus was after handing them out all the kids sat down to read! I bought this grouping of books for the 3-4 year olds. Level 3 for the 6 year olds. A Golden book for the babies and a hardback book for anyone older. We put a thank you note my daughter signed on the inside cover along with some stickers. Overall I like this book for early readers. They know the

characters, the storyline is simple and it is a quick read meaning not too wordy. I would purchase this book again.

Our Granddaughter (age 4) loves the Moana movie, so she loves these books. We have to read them to her again and again.

My niece loves Moana and just got out of preschool. This was the perfect gift for her! The included stickers was a plus!

I got this for my niece's birthday as part of a book bundle. Books always make a great gift, as parent's and kid's love them, so of course this was a hit. The brightly colored pictures and easy to read pages make it perfect for those just learning to read.

This was a great buy when the children were asking for all things Moana. My 5 year old can read most words on her own, and my 3 yr old loves to look and tell the story with his own words. Also, it was about 50% of the price of the step into reading books we get from scholastic. I will be buying more like it!

Had a great time with this book my granddaughter love this I will be reading it for a while

Great story. My son loved it, learning to read

Cute little book for my 4 yr old daughter, specially because she is obsessed with Pua. Easy reading level but she can't read yet. Only recognizes letters and some words.
