Girl Online: On Tour: The Second Novel By Zoella (Girl Online Book)

Synopsis

In this sequel to the New York Times bestseller, *Girl Online*, Penny joins her rock-star boyfriend on the road in Europe. When Noah invites Penny on his first-ever European tour, she can't wait to spend the summer with her rock-god-tastic boyfriend. But, between Noah's jam-packed schedule, less-than-welcoming band mates, and threatening messages from jealous fans, Penny wonders whether she's really cut out for life on tour. She can't help but miss her family, her best friend Elliot, and her blog, "Girl Online." Can Penny learn to balance life and love on the road, or will she lose everything in pursuit of the perfect summer?

After I finished the first book, I cried because it was so good and I didn't want it to end. Zoe is such a

good writer and the second book is as amazing as text first "Girl Online" book, if not even better! Her YouTube channel is also awesome and I watch it 24/7. She's just a passionate and beautiful woman in general. And she is very inspiring and I hope to be like her one day :) I wish I could meet Zoe :(and after I read the first book, I hoped I would meet my Noah while I traveled to California, and I actually did! They even have the same last name (weird, right?!). His name is Aidan Flynn and I'm planning to go to California again soon to see him! Anyways, amazing series. Buying the 3rd book right now!!!Xoxo, Leanne

I was blown away by the first novel and this one carried the story forward in an unexpected way. I love the way Zoe Sugg writes and the way she is able to describe every aspect of the characters and their situation. I hope she writes a third novel in this series. I need to know what happens with Girl Online.

Wonderful book for my 12 yr old daughter. She received book this summer and couldn't put it down, she loved it! We're ordering the 2nd book in the series right now. Captured her interest unlike so many other books she has picked up over the last couple years. Definitely recommend!

This product came within in two days and it was cheaper than other retailers. I read this book for a few days in July. It is a YA book and an easy read.

Let me just start out this review by stating that I enter books with an open mind. I don't go in looking for mistakes or plot holes or clichés. Sure, I notice that this book had some issues, but those issues don't actually take away from the reading experience. They add a (very odd but endearing) quality to an already adorable book. That could be just me, or other people could feel like that as well, but I don't know (or care, really. I just care about the book). This book was very cute and fluffy, and a nice (though short) escape from the world academia. I found Penny charming, though at times I wanted to shout at her, especially when she was talking to that total witch. Honestly, I don't know why she was even friends with that girl for the length of time that she was. Noah had the typical personality that the romantic hero in these kind of books has, but I found certain aspects of his character to be quite refreshing. I wasn't too keen on the speed of the romance, simply because I like more realistic timeframes in my romantic novels. I honestly could have read half of the book and been done with it, but I can't read half of a book and just leave it (unless said book is terrible and I can't even get past the first 1/4 of it *cough cough Maze Runner book 3 cough cough* Please note

that I am aware that Zoella wrote this book, and while I am a HUGE fan of her (and Alfie's) blogs, my opinion of this book was not swayed by my obsession with Zalfie and their pets :-)

I wanted to love this book because Zoe wrote it, but I just couldn't. The "romance" is so boring and cliché that I wished the book to be over. I love Penny and Elliot and their friendship but Noah is so bland and incredibly boring that my favorite parts of the book are every chapter that he's not there. Again, wanted to love it but I just really couldn't do it. The cover and the milkshake scene at the end are my favorite bits of the book and that's probably it.

a quick and easy read! I love watching zoe's youtube videos so I knew I needed her books! I'm so happy she came out with a second book. I'd say this is a great gift for girls ages 11-14 or anyone who is a fan of Zoella

I purchased this for my granddaughter and she absolutely loved it. I think she read it in 2 days! Can't wait for a 3rd to come out in this series. She's read the first two and enjoyed them.
