Boho Braids: Modern, Free-Spirited Hairstyles

Synopsis

Romantic, loose and messy (but in the nicest way!), and absolutely gorgeous, boho braids are everywhere—•from celebrities on the red carpet to models on the runways, at music festivals, on fashion blogs, and in TV shows from Vikings to Game of Thrones. The look is modern, free-spirited, and fanciful, and everyone wants it! 40 tutorials offer up quick and pretty hair for everyday, as well as looks you can wear on special occasions. Herringbone pigtailed and tiny braided headbands with loose beach waves? Got 'em both. Loose milkmaid and stacked braids? Covered. Half up fauxhawk braid? That, too. The styles are completely do-it-yourself, and full-color photos show you every step of the way. Each tutorial also includes photos for stunning accessories that take the style to the next level, as well as variations. All the looks in Boho Braids are playful, contemporary, laid back—and totally achievable.

Heidi Marie Garrett is a freelance professional hair stylist and makeup artist who specializes in weddings. She's passionate about hair and shares her extensive knowledge by educating other hair stylists interested in launching into this type of career. Katie Rossi brings serious expertise in braiding to the equation. She's particularly enthralled with braiding girls' hair, but also specializes in braided hair for weddings, proms and special occasions. Both Katie and Heidi produce tutorial videos for their respective YouTube channels; they also write hair tutorials for various blogs online.

great

The blurb promises that these hairstyles will be “totally achievable,” and they are. To an extent, anyway. I tried quite a few of these braid styles, and some of them turned out better than most. I couldn’t quite achieve the glory of a semi-updo called “Flower Power,” in which you section hair and twist and spread it so that they look like blooming roses. That one, categorized with a difficulty level of “easy,” proved beyond me. I made twisty things with hair pieces, but they didn’t look like flowers so much as mistakes. I dearly wanted to create “Endless Summer,” which combines a fishtail with smaller braids and a little bun thingy, but I could not. Other styles, such as “Secret Garden” (a cute long pony tail sectioned into smaller “œballs of hair pulled through hair) and “Sweet Connection” (a messy bun with braids running down each side of it) were easier to pull off. “Boho punk” gives you a braid that looks like a mohawk, and “Boho Ing©ne” is a super cute style with a big fat off-center braid. The photography is gorgeous, with is sunlit overlays. There are close-ups of the finished styles, and step-by-step photos of the processes. Directions are simple, sometimes overly so, particularly when the style is more intricate. I have a feeling that I could be more successful with some of these styles if I had someone who could stand behind me and actually create them. Alas, the only spare parts in this house belong to my husband, and let’s just say that he isn’t going to go there.
