Synopsis

Get fluent with Fluent Penguin language learning tools. Designed for self-taught language learners, Fluent Penguin picks up where Pimsleur and Rosetta Stone leave off. By exposing you to a wide variety of translated conversations in everyday situations, Fluent Penguin builds your vocabulary and intuitive recognition of grammar, sentence structure, and idiomatic phrases. Modeled after the proven and effective Pimsleur method of language learning, Fluent Penguin conversational collections employ context-driven recall techniques to help you anchor new vocabulary and phrases to the situations in which you will use them. All lessons are in audio format and use subtle repetition and meaningful associations to maximize retention of new information. Each collection consists of conversations about common topics, ranging from work scenarios to current events, leisure activities and travel. Each statement in a conversation is first narrated in English, then spoken by native voice actors in a variety of Mexican, European, Central, and Southern American Spanish accents. Time is provided after each statement for you to repeat aloud and hone your pronunciation. Conversation lessons range from 30 to 50 minutes in length. The following conversational topics are introduced in Conversational Spanish: Intermediate Collection One: Holidays How was your day? I dreamed last night My favorite singer My dream job

Customer Reviews

Arrived on time as stated, well done.

Very good oral practice and the Kindle is available as well.

WHERE IS THE LISTENING PART?? This is WHY I bought the product but I can't find where I can obtain the audio. Initial write up is quite deceiving

Wasn't too pleased with this product. I felt it wasn't serving its purpose.

This improved my listening skills quite a bit. I appreciate that it has built-in pauses so I can repeat out loud hands-free while gardening or driving. The kindle version looks like it could be useful to read along, but I do other things while listening. Kerry-Seattle, WA

I purchased this as a complimentary study aid while I studied Spanish in Guatemala and was pleasantly surprised at how much this helped improve my Spanish! Very easy to understand and follow along. Phrases and words that are taught were very helpful during my travels!

Most excellent highly recommend

The conversation seems more realistic than the usual fare in other text. Knowing the usual 1st Spanish texts teach similar but a less fluent, and less realistic conversation that marks a speaker as not fluent.
