Customer Reviews

I am not liking the wait for the next book in the series but I know it takes time to write a great book. So far this has been an intriguing and spellbinding series and the wait is going to be intolerable but I will do it.

This series has such a great storyline! I couldn't put it down and when I had to I had a hard time not trying to guess what was going to happen! I cannot wait for the next book to come out because that

was one hell of a cliffhanger!

I loved this series of books and look forward to #6. I normally can figure out what's coming or what will happen, but not with any of these books. Please continue keeping them interesting and suspenseful and I'll keep coming back, thank you

I like the whole series and the characters. I would like to see it as a movie but I think for the silver screen it should be called "The Vampire Prophecy". Maybe after all the books are released and I've read them all, I'll change my title preference, but for now, I think that would be a better "movie" title when it's released.

I can't wait to read the next book. This one ends on a real cliffhanger. I've loved every book in this series. Simply brilliant and I highly recommend

A little too much on the lovey dovey, but still a good series cannot wait for the 6th installment. Wish they would leave some of the love scenes details out. Still great read.

Have been hooked on this series from book 1. Hate the wait between the release to the next installment but it is well worth the wait so don't rush keep up the suspense and twist and turns.

Or who is going to do it. This story is captivating and ever changing. It grows with each edition, but still leaves you wondering "how". It's an entertaining read without being racy, and leaves you spellbound with the magic and intrigue that is woven throughout its pages. Can't wait to see what the next one reveals.
