I ordered this book as one of two books for a Philosophy class. The text is.. well.. clear, there's not much to say about that, since the translations are mostly standardized. The footnotes and questions that the book gives are useful, if not a little convoluted at times. They have a certain kind of question where you fill in the blanks to a paragraph that they write, and it's difficult to really guess what they mean sometimes... All in all, this book arrived in great condition, and was very useful in my studies of Plato.

Delivered as expected and product is as described, but nothing above and beyond my expectations.

Using this book almost everyday in my class.. great to own if you are practicing your philosophic ideas. (its a work book.)

Another book ordered in error. I looked at the class requirements wrong--actually I switched schools,

Anyhow, book arrived in excellent condition and prompt time. all the way

GREAT BOOK, IN GREAT CONDITION AND WAS HELPFUL FOR ME IN CLASS. NEVER TOOK PHILOSOPHY BEFORE SO IM REALLY GLAD MY TEACHER REQUIRED THIS BOOK!

Book came with writing all over it.

for a accel class, the book worked very well, disliked the other person writing the answers in book and done in ink

AAA+
