Chilling Adventures Of Sabrina #5

Synopsis

Sabrina has to face the Witches Council for an accusation of conspiring with a mortal against the Church of Night. It will take a series of unnatural tests to prove her innocence, but none of it will bring her beloved Harvey back. She'll have to take matters into her own hands to find Harvey's missing soul. Recruiting two other young witches (from a neighboring coven), Sabrina holds a sliver of hope, but as ever, Madame Satan is pulling the strings behind the scenes, and what Sabrina taps into is much more dangerous -- and diabolical. And will send our beloved teen witch on an epic quest. For TEEN+ readers.

Customer Reviews

I thought this was a very interesting story, with a very interesting a typical and very true too her game, I enjoyed this very much.

I highly recommend this book to anyone who loves great character development and tense, morally ambiguous storylines. It's a great read!

not crazy about the rewrite with a Satan as a character. I would have liked an edgier character then the traditionally but not this dark

I'm glad I continued with this series, despite the lackluster first comic. The series gets more involved and gory as it goes, and I look forward to more.

Well I'll be damned. I didn't expect what happened to happen and the story is about to get a whole lot more interesting...

Great art. Love the pinup influences and color schemes, very free with the washes. Think I'll read more sometime but the origins take a little getting used to for viewers of the TV show. Pretty to look at for now but I wanna start from the beginning so I know how we got here. PS the penciler really knows how to capture facial expressions

Great
