This book gave me exactly what I was looking for. Some of the other Alberta travel guides I reviewed focused more on the history, flora and fauna of Alberta. And, I didn't want an entire guide on the country of Canada, just the province of Alberta. I just wanted a guide to provide me with different sights to check out, hotel and food recommendations and this is exactly what I got. This guide met my expectations and I gladly recommend it.

The Alberta guide is fine but I wish it were more up to date. As with all cities resources change for better or worse. Restaurants open and some close and it's the same with hotels and stores. That said, I enjoyed reading about Edmonton and will bring this book with me while traveling.

will use to plan trip

Used on a two week trip going from Calgary, Banff, Lake Louise and Jasper. As always, Frommers provided wonderful insights to local attractions, restaurants and hotels.

Unhelpful. Not what I expected.
