Enjoyed

To bear a grudge for another family as long as this one want is hard for me to understand. I think the reason for the grudge bothered Bella more than it did her parents. I gave the story five stars because it was well written. I've read one other of Callie Gardener's books. It also was enjoyable to read. The people in the old western days had to work so hard that I feel guilty reading all evening. Who cares though my work for the day is done and I can relax and read a great book. Go ahead and read Bella's Sorrow, spend some time in another era.

The lady wrote and he soon asked her to marry him when she arrived. A puzzle about the man posed a problem after they were married. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who kept me entertained throughout the entire book before putting it down.
