I LOVE Halloween! So I was excited when I found this book! I also love how some picture are super detailed and some a less, so you can kinds pick and choose what you want to do thy day..... So my biggest thing with buying a coloring book online is at least being able to see some of the pictures inside. So I'm making sure with each book I've bought to review and post a few pictures online for others to be able to see if they want the book or not.

There are a few pictures that are so busy you can hardly figure out what colors should go where! I love it! The rest of the pictures are more sedate, but give you the pleasure of making them 'come to life'!

this book is so fun and festive. im looking forward to coloring in it!

As described, great Childrens book

ok

The pictures in this book are beautiful, cute and easy to color. I wish I were able to take a few pictures to show just how great these scenes are. A perfect Halloween gift (if that's your thing) or a fine addition to your collection. Two thumbs up!

Needed more pictures to be different.
