Customer Reviews

This book is affordable. It's also excellent in that it asks a ton of "would you rather" questions in a natural conversational manner that doesn't sound dry or instructive. I love it. I'm a social worker who

works with children, and also have a 12 year old daughter. This book is a great conversation starter, ice breaker, and I sound really relaxed when I pull out my phone and pull up my kindle version of the book and randomly ask a question or two from the book. That is all that is needed and the conversations get going, and we get to know each other. This book has achieved its intended purpose. I bought this for my personal purposes and was paid for this review.

This is a great book for kids, teens and adults. You can flip through the pages at will and come up with a 'Would You Rather' question in a few seconds. Love this little book!
