CatWise: America's Favorite Cat Expert Answers Your Cat Behavior Questions

Synopsis

Mark your calendars for Pam's CatWise Cat Café® Tour! Beginning in March, she'll travel to some of the greatest cat cafés across the country to share tips and tricks from her brand new book, *Catwise*. Top feline behavior expert (and author of Penguin's bestselling *Think Like a Cat* and *Cat vs. Cat*) answers the 150 questions most often asked by puzzled cat owners. Even those of us who have lived with and loved our cats for decades are constantly stymied by their seemingly inexplicable acts, or have questions about why they do what they do and where they do it, and how we can get them to not do it. Here, in one complete authoritative guide, those elusive mysteries are solved. Why does my cat lick my hair? Why does the cat only want attention when I'm on the phone? How can I introduce my cat to my new dog? How can I get my cat to like my new husband?? No one knows cats like Pam Johnson Bennett, whose pioneering thirty-year career as a cat behavior consultant has changed the way cat owners and experts alike view cats. Her books are bibles, but her fans and owners still flood her website and social media platforms with questions on topics that perplex them. *Catwise* combines the questions that come up most often with answers to help you solve your cat's behavior problems (or head them off before they start), or simply improve the relationship you have with your cat.

I was recently certified as a cat behaviorist. The top two people that I studied and researched during my 7 plus years of cat ownership was Pam Johnson and Jackson Galaxy. I worked with a myriad of cats in the shelter environment and in home environments. I can say that all of her tactics that I have learned and utilized over the years have worked great for the cats and the owner. Her tips and answers are spot on with what I routinely recommend to clients and on my website. If you could choose any one book to learn about cat behavior... it would be this one! I find that question and answer format is often the best way to learn something - at least, that was me when I was in vet tech school and learning everything I needed to become certified as a cat behaviorist.

Helpful, informative, and great at explaining the reasons behind her ideas and experience.

Very helpful to me as i know little about cats. My wife has had many cats and also uses this to research questions about our adopted cat. We would buy it for others if had the chance.

Pam Johnson-Bennett's books are my go-to resources for everything I want to know about cats. I have had cats for over 40 years and I also do cat rescue. I recommend her books to all of my adopters. No one knows cats like Pam Johnson-Bennett!

Great book for any cat owner. Ordered others in her collection as well.

I enjoyed the book, finding that covers pretty much everything you need to know about raising and liv8ng with your cat.

So far so good. Learning a lot about my girls behavior. very helpful.

So Informative, will help with my new kitty.
