Gender, Sexuality, And The Cold War: A Global Perspective

Synopsis

As Marko Duman, Æ•Ã„, â | writes in his introduction to *Gender, Sexuality, and the Cold War*, "despite the centrality of gender and sexuality in human relations, their scholarly study has played a secondary role in the history of the Cold War. . . . It is not an exaggeration to say that few were left unaffected by Cold War gender politics; even those who were in charge of producing, disseminating, and enforcing cultural norms were called on to live by the gender and sexuality models into which they breathed life." This underscores the importance of this volume, as here scholars tackle issues ranging from depictions of masculinity during the all-consuming space race, to the vibrant activism of Indian peasant women during this period, to the policing of sexuality inside the militaries of the world. *Gender, Sexuality, and the Cold War* brings together a diverse group of scholars whose combined research spans fifteen countries across five continents, claiming a place as the first volume to examine how issues of gender and sexuality impacted both the domestic and foreign policies of states, far beyond the borders of the United States, during the tumult of the Cold War.

Customer Reviews

"The volume's global reach is impressive. It covers some fifteen nations drawn from both the global north and the global south, and it brings together an unusual array of international scholars. As a result, it promises to fill a significant gap in the scholarship by showing that the role of gender and sexuality in shaping domestic and foreign policy was not limited to the US but extended globally." — Robert Corber, author of *Cold War Femme: Lesbianism, National Identity, and Hollywood Cinema*

Philip E. Muehlenbeck is a Professorial Lecturer in History at The George Washington University. He is the author of *Betting on the Africans: John F. Kennedy's Courting of African Nationalist Leaders* and editor of *Religion and the Cold War* and *Race, Ethnicity, and the Cold War*.
