A Pediatric Guide To Children's Oral Health Flip Chart And Reference Guide

Synopsis

Provides pediatricians with the tools they need to address oral health concerns of young children. This full-color resource includes: Convenient flip chart for conversations with parents and providing oral health information. The flip chart includes full color pictures and illustrations to show parents as well as talking points for clinicians. A detailed reference guide for more complicated issues such as dental trauma, children with special health care needs, and injury prevention. An Oral Health Risk Assessment Tool for use in your pediatric practice. This tool will help you assess the risk of development of dental caries in young children and take action to prevent disease. A handy coding guide to explain how pediatricians can code oral health services for payment.
