Mary Poppins Opens The Door: Mary Poppins, Book 3

Synopsis

Another timeless story about Mary Poppins, the world's most exciting nanny, and her magical adventures with the Banks family. From the moment Mary Poppins arrives at Number Seventeen Cherry-Tree Lane, everyday life at the Banks house is forever changed. Jane, Michael, and the twins have never had such a wonderful nanny, who brings enchantment and excitement everywhere she goes. In *Mary Poppins Opens the Door*, Mary Poppins reappears just in time! According to her tape measure, Jane and Michael have grown "Worse and Worse" since she went away. But the children won't have time to be naughty with all that Mary has planned for them. A visit to Mr. Twigley's music box - filled attic, an encounter with the Marble Boy, and a ride on Miss Calico's enchanted candy canes are all part of an average day out with everyone's favorite nanny.

Customer Reviews

I do believe that it is the best book in the Mary Poppins series which consists of six novels plus four more little books. Since it was originally intended to be the last book in the series, the author seems to feel settled about her characters and situations. Of course she deepens even more in the books that followed but when reading this title (or listening to it) consider that this was supposed to be the end of the series (and the final chapter is so moving indeed). My favourite chapter is "Happily Ever After" and one has to bear in mind that this was written during the Second World War, so the yearning for happiness and the reconciliation of the opposites one finds here is much more meaningful...Rosalyn Landor does the material justice. She reads the book with humour and

warmth. Certainly worth buying/reading/listening to it!

The beloved nanny is back for the third time in MARY POPPINS OPENS THE DOOR. Getting shot out of the sky from a fire cracker, she returns to take the Banks children on more wonderful and magical adventures and to put Number 17 Cherry Tree Lane...right-side up. One difference in this book is that the other people on Cherry Tree Lane, like Mrs. Lark and Admiral Boom among others, also get taken on the magical stuff that happens when Mary Poppins is around. This is either a good or bad thing depending on your point of view but I always liked the mystery of did these things really happen or was it just Jane and Michael's imagination? Allowing others into these fantastic odysseys confirms that they really are happening. But the stories are still enchanting and this time Mary Poppins takes the Banks children, some of the neighborhood and the reader to the bottom of the sea; soaring high in the park on balloons; and flying through the air on candy cane horses. She also tells the children delightful stories and takes them to the "Crack," which is the time between the first chime of the bell at New Year's Eve and the last, where all the fairy tale characters come together in absolute harmony and fun. And the Banks children get to meet the "marble boy" a statue in the park that comes to life to play with them for a little while. That was a very touching story. I love the "Mary Poppins" books and the wonderful illustrations by Mary Shepard (and Agnes Sims for this book). Be sure to read the previous two books: *Mary Poppins* and *Mary Poppins Comes Back*. Highly recommended! :-)

My daughter loves Mary Poppins and wanted this complete collection. She has enjoyed having all of these books.

This book is not as good as the previous books. I was definitely disappointed in this continuation of the Mary Poppins story.

What is NOT to love about Mary Poppins. Love the old style presentation of this book.

A classic English story, as charming as the first two in the series, if a bit redundant... The adventures are just new versions of the stories in the other books, though my daughter and I still enjoy reading them aloud. We like the illustrations too.

This is a review for a kindle edition. I purchased all the Mary Poppins books. The book itself is great

classic and fun to read. But the kindle edition has so many typos. 's Kindle edition has 2-3 typos every 5 to 10 pages!! They misspell character's names, actions and everything! Sometimes, the sentence makes no sense because it has couple typos in one sentence!! want my money back.e.g. "joking'11 only makes things worse." Location 625.edited: The problem is not fixed yet. (2013)

It was such a delight to revisit this closing chapter in the lives of Michael, Jane, John, Barbara and Annabel with their beloved Mary Poppins.
