Botswana Safari Guide: Okavango Delta, Chobe, Northern Kalahari (Bradt Travel Guide)

Synopsis

A safari in northern Botswana takes the traveller to a wilderness populated almost exclusively by wildlife. Here are the predators and their prey; here, too, are the elephants, the hippos and the astonishing birdlife of the Okavango Delta. This fourth edition of Bradt's Botswana Safari Guide provides unrivalled coverage of the region's wildlife, environment and history, as well as a thorough evaluation of when, where and how to go. The guide, written by an expert author, focuses on the country's most popular areas, the Okavango Delta and the Kalahari and Chobe deserts.

Chris McIntyre is managing director of a leading UK tour operator specialising in Africa. He is also author of Bradt's acclaimed Namibia, Zambia and Zanzibar guides, and co-author of Tanzania and Northern Tanzania.
From the parched Kalahari to the snaking waterways and wildlife-rich islands of the Okavango Delta and the eerie Makgadikgadi salt pans, northern Botswana's vast natural wilderness is remarkable in its sheer variety. These landscapes are populated by herds of elephant and buffalo, predators such as lion and leopard, and endangered species including wild dog and white rhino. Drift through lily-strewn waters in a mokoro, observe big game up close in extensive private reserves and embark on a walking safari with an expert guide.
With invaluable practical advice, plus unrivalled coverage of the region's natural history, this fully revised fourth edition of Bradt's Botswana is an indispensable guide to Africa's most exclusive wildlife destination.

Not knowing east-west-north-south about Botswana, the Guide is good for this first timer to Africa safari... especially as a reference source along the way. Our safari operator set up the camps, days, a long time ago. So, comparing the where to stay and how to get there was not meaningful to me. Each region has its own uniqueness. Good to compare what I was seeing myself for the first time to what was written.

I have personally been on safari in The Okavango Delta so can appreciate this guide. I wish I had it with me. Robert

Arrived perfectly and it is a requested gift from a wish list

I had difficulty finding a guide for Botswana and this one addressed the areas I will be visiting. It was very good with health information and did provide a general overview of the information needed before visiting this area in Africa. It is not as good as a Fodor's guide but met my needs. I would recommend this guide to anyone planning a trip to Botswana. I was disappointed that the camps I am staying at were not included in this guide.

Sold me on safari's in Botswana!

much better then lonely planet guide, read certain sections a few times and it will be difficult to

decide which way to go, at this point am leaning to have it all organized before leaving

Very helpful for the traveler.

good information, well sourced, mostly likely to remain pertinent for some time. Good investment for all travellers there
