Customer Reviews

It is an amazing and so helpful tourist guidebook and throughout it I have come to know so many things about this beautiful city Taipei. Actually I have a plan to spend my next vacation at Taipei and for the purpose of keeping a good knowledge about this city, I picked this travel guidebook two weeks ago. Inside here I got lots of information about Taipei like tourist attraction places, what to avoid while traveling, best place to stay, eat & shopping. Here I have found several helpful tips about how to stay safe in that city and save time & money as well. I got some of my question's answers about that city from here. I am really so impressed and happy by know all these things that what I found from this book. Now I just can't wait for the vacation and go to Taipei right away.

The 4 and 5 star reviews are completely bogus. As the other one star reviewer stated, this book is a bunch of white space with big font type (imagine a third grade reader format). It's just a glorified pamphlet with NO pictures. Not a single map, or address, or even an index. Although it doesn't need an index because it is so devoid of content. If you think this is going to be like typical "3 days in [city name]" guidebooks you will be as disappointed as I was. There are no suggested tours to do in a day or even three; very few activities even suggested. This book is not only not worth the money, it wasn't worth the time you spent to read this review.

Huge font, much blank space on pages, no pictures, very few specifics. It's a brochure, at best. Save your \$ and just look up "Taipei travel" on the internet. You'll find more there than is in this book, by far.

It is an astonishing thus accommodating visitor manual and all through it I have come to know such a variety of things about this delightful city Taipei. Really I have an arrangement to spend my next get-away at Taipei and with the end goal of keeping a decent learning about this present city's beginning and end, I picked this travel manual two weeks back. Inside here I got loads of data about Taipei like vacation spot places, what to stay away from while voyaging, best place to stay, eat and shopping. Here I have discovered a few supportive tips about how to remain safe in that city and spare time and cash too. I found some of my inquiry's solutions about that city from here. I am truly so awed and glad by know every one of these things that what I found from this book. Presently I

just can hardly wait for the get-away and go to Taipei immediately.
