Customer Reviews

John Sherry has been publishing fishing knot instructions for over 20 years.

This was a surprise gift to a child who is fanatic about fishing, and he loved it. It arrived yesterday and he spent the evening practicing various knots and constructing different kinds of riggings for weights, lures and hooks. He's very excited about the next fishing trip, and not once did he ask for the iPad. That's what it's all about.

These laminated fishing knot cards are easy to understand and make great gifts for all ages. I am surprised at how many adults have no idea how to tie any kind of fishing knot.

was a christmas gift and he loved it

Item as described

Great product, I use it all of the time on the water.

The Pro-Knot series plastic cards are a great idea and a great gift for just about anyone. I bought the Pro-Knot Slatwater Edition after gaining an interest in surf fishing. I only have the opportunity to go a few times a year and remembering how to tie the correct knot has always been difficult for me. These little handy waterproof plastic cards are great. I tossed mine into my tackle box and refer to it when needed. The instructions and drawings are easy to follow and make learning new knots easy. I recommend this product to anyone who enjoys fishing. Be sure to check out the other Pro-Knot cards for other hobbies that require knots.
