Love, Lexi: Letters To God

Synopsis

What is a girl to do when her rival wants to nab the attention of the one boy she's liked since he shared his peanut butter sandwich with her in the first grade? Love, Lexi follows seventh grader Alexis Dawn Cooper (Lexi) as she navigates middle school and being a middle child. But this is no ordinary middle-school novel. Love, Lexi is a unique combination of a fictional story combined with a devotional and journal to allow readers to watch Lexi learn to seek God first above all else, while writing their own letters to God. Love, Lexi draws young people into Lexi's life as they contemplate their own place in God's eyes.

I gave this book to my daughter for her 12th birthday and she loved it. She sat down and read all the stories in 2 days. Now she's going back through and filling out the journal prompts. Here's what she says about the book: "I love this book because it has Lexi's stories about real-life situations with tough people, and it helps me know how to deal with my real-life situations with tough people as I go through middle school. The book encouraged me to pray about different things each night and what I'm thankful for and what I need God's help with. The journal prompts help me pray and think of things I haven't thought to pray about even though they've been on my mind. Love, Lexi helps you feel like you're not alone with tough situations." I highly recommend this book as a gift for the tween girls in your life.

This book is in a devotional book format. You read a journal/letter and then you apply it to

yourself. This book is in a devotional book format. You read a journal/letter and then you apply it to yourself. For example: Lexi talks about how she is worried about talking to a boy. Then there is an interpretation of Philippians 4:6-7 and then you are able to write what you are worried about and how you are going to be better at trusting God. I think this book was really cute. Lexi goes through a lot of things that girls in middle school go through. It is important for girls at that age to realize that God loves them and learn how to develop a relationship with God. I did not do the journaling but I did journal during middle school in a format similar to this book and I was helped A LOT. This book does have some extreme circumstances but also a lot of real experiences and fears that I went through in middle school. I highly recommend this book to any middle school or even high school girl. There are some parts that are silly but over all it helps a lot with figuring out how to have a relationship with God. I received a free copy of this book from Tyndale House Publishers for a honest review in return.

Sherry Kyle has a gift for writing for tweens and teens. Love, Lexi is a delightful story written in the form of letters to God from a seventh grade girl. She pours her heart out like most girls her age with a sincere and sweet trust. God's response through scripture creates a great dialog and will help the reader understand how God's word can work in their life. I like that there's space for the reader to answer questions and jot down thoughts. I can't wait to share this with my granddaughter. I think it will be a great tool to help teach her that God is there for her, along with the many encouraging scriptures and thoughts. The hot pink lettering and doodles will make any girl smile as they read Lexi's story. As a grandmother, I'm happy the book emphasizes friendship and relationship in a positive way. I can't say enough good stuff about Love, Lexi. I received this book from Tyndale House in exchange for a fair review.

Alexis Dawn Cooper or Lexi struggles to navigate through middle school and being the middle child. She wants to be popular but struggles on how to get there without sacrificing her friendship with her two best friends. However, her trouble doesn't stop here. Her rival is trying to steal the attention of her crush that she has liked since first grade. What can Lexi do that won't question her faith in God? The book is set up as a diary written by a middle schooler asking for help while writing down her struggles. It has empty pages that allows tweens to write in their own personal struggle so they relate to both Lexi and how they can work God into their lives. The book also has scriptures that tie into the story as well. I think this book is a valuable resource for tweens as it helps them realize that they are not the only one going through issues and it helps them realize and solve problems on their

own.**Disclosure - I received a free copy of this book in exchange for my honest opinion**

4.5 Stars Love, Lexi By Sherry Kyle Published by Tyndale House Publishers, Inc. The book Love, Lexi by Sherry Kyle is a stand-alone devotional directed towards pre-teens and tweens. The book is written stylistically as the personal journal of Alexis (Lexi) Dawn Cooper during her seventh grade year. It shows her ups and downs, her awkward moments, her attempts to be popular and stylish, and her crush on a boy. I thoroughly enjoyed this book, but there were some things that I felt like they didn't match with reality. For one, it was a story of a boring, awkward girl who tries to become glam and a part of the "cool kids" club. It also illustrates her crush on a boy that she has known since the first grade and seems to really like as she pursues a relationship with him. I thought that this book was a little typical: awkward girl wants to become cool and get the cute boy. I did enjoy her hilarious quirks and fun moments, however, and I would definitely recommend this book to girls ages 10-12. Thank you so much to the Tyndale Blog Network for providing me with a copy of this book to read and review. All opinions are my own and were not required to be positive.

Sherry Kyle has given tween girls a real treat. Lexi is a realistic and completely relatable girl. Tween girls will feel like they've made a new best friend with flaws, foibles, and a great sense of humor. And moms will appreciate Lexi's kind heart and her willingness to learn. If you have a tween girl in your life, she'll love Lexi too!

This book is really cute!!!!!! This devotional is written in letters from Lexi to God telling him about her struggles and insecurities. It has answers to those letters from God's Word. I think this book is really good for girls. I believe it will teach them to follow God above all in this hard world.
