Customer Reviews

Wallpaper* City Guides are compiled by the magazine's travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

This was not helpful. There is not one word translated in this guide. The map, (was there more than one?) was not much help. There are trendy restaurant and club recommendations, but I doubt people into that scene will be buying a guide book for that. It has a page each for several of the must do temples and shines with a photo. If I could go back and do again I'd buy the Time Out pocket book despite that it was last published in 2009.

We just returned from a trip to Tokyo and Kyoto and we discovered that the Wallpaper books for these two cities, especially the Kyoto guide were of GREAT VALUE! They led us to some amazing places that we would not have discovered on our own. As with any place in Asia, sometimes the addresses are not exact, and it may be hard to find the street numbers sometimes, but the guides will get you close, and by asking around and showing pages to locals, you will find a lot of the gems

featured. Basically, these guidebooks are inexpensive and FULL of useful info! Don't hesitate, just buy it!

Good product.
